April 2015

Dear Prospective Sponsor:

We are seeking your valued support for the **2015 Michigan Physics Olympiad**, which will take place on May 9, 2015, and future **Michigan Physics Olympiads**.

Michigan Physics Olympiad goals:

- to provide a fun academic competition for high-school **students who are the basis for our, your and this county's future science and engineering workforce**,
- to strengthen the ties between University of Michigan faculty and physics teachers in the region,
- to encourage University of Michigan students to assume responsibility for communicating physics to the general public.

With your sponsorship, you will make a meaningful contribution to our future.

Immediate sponsorship benefits:

- future scientists and engineers become acquainted with your company's name and your important role in not only research and development, but also in higher education.
- With your donation, **your company will be listed on the Sponsors page of the official Michigan Physics Olympiad website**. We will also provide a link to your website. The Olympiad website is located at <http://olympiad.physics.lsa.umich.edu/>.
- Your company logo **will be featured on our commemorative Michigan Physics Olympiad accessory** (bag, T-shirt, umbrella or similar), which will be presented to participants and team coaches.

To contribute, please contact us (graithel@umich.edu)

In addition to monetary donations, we also appreciate gift certificates for physics-related student lab equipment, donations suitable as prizes, breakfast or lunch sponsorships, etc.

Thank you for your consideration,

(Georg Raitchel)

Professor of Physics
